

Arway Confections

2026  
VALENTINE EASTER  
SPRING SUMMER & EVERYDAY  
GIFT PACKAGING AND BULK CATALOG

Flip Block — President

September 2025

To our valued customers,

Welcome to Arway-Long Grove's Valentine, Spring, Easter, Summer 2026 Catalog!

As I write this note, Labor Day is right around the corner and the inevitable feelings of "where did summer go???" enter my thoughts. That said, at Arway-Long Grove we view the end of summer as the time when the candy making magic that happens in our two manufacturing facilities ramps up to its maximum output. We love making confections at Arway-Long Grove, and we'll be making a lot of them in the next four months...our busiest time of the year! Labor Day also reminds us of how proud we are of our associate population, who are the people behind making Arway-Long Grove's customer service the industry standard!

By now you are probably familiar with the continued dynamic our industry faces with elevated cocoa prices, and the market forces driving it don't look to be going away anytime soon. Due to commodity pressures, we were forced to raise our prices on a considerable portion of our portfolio in our catalog issued in spring of this year. Six months later, we are very pleased to say that prices on our wholesale bulk portfolio remain unchanged, with some select adjustments on some of our packaged portfolio. We promised dedicated efforts to drive operational efficiency and procurement excellence, and the strong efforts from those teams has allowed us to mitigate the impacts of rising commodity prices.

While we have been able to hold the line on much of our pricing directly related to manufacturing inputs, recent changes to U.S. Government trade policy has led to increases in our cost structure due to tariffs. As a result, we have begun to make tariff adjustments to sales orders to account for these changes. The tariff rate applied is being calculated based on the percentage of affected materials in each finished product. Rather than implement a general price increase, we believe this approach is the fairest path forward and, if tariffs change, we will change with them. To ensure full transparency, tariffs are being listed as a separate line item on all order confirmations and invoices moving forward, and our intent is to pass on nothing more than the tariffs we have been charged for.

In the meantime, we remain focused on our mission to deliver greater value with higher quality confections and unparalleled customer service, as we have been for the past 75 years. As always, we have plenty to offer for your everyday and seasonal needs in the first half of next year, including a few exciting new items, so have a look and let us know how we can help you serve your customers.

On behalf all associates at Arway-Long Grove, we thank you for your partnership, and we will continue pushing to make your days just a little bit sweeter!

Flip Block  
President
