To our valued customers,

March 2026

As I write this note, spring is right around the corner, and like many of you, we're looking forward to the longer days ahead. That said, in true Chicago fashion, this week we will see temperatures in the 20's and 60's, all within four days of each other, so we're not breaking out the sandals just yet. Regardless, it's never too soon to get excited about the next Holiday season, and in this edition, you'll see our 2026 Holiday offerings, along with our Everyday Bulk and Packaged favorites.

In 2025, we celebrated 75 years for our legacy Arway business and 50 years for the Long Grove Confectionery brand, all the while successfully navigating the uncertain waters of elevated cocoa prices and newly implemented global tariffs. Fortunately, I am happy to report positive developments on both fronts.

Over the past couple years, our industry has been managing through elevated cocoa markets at record levels, which placed upward pressure on chocolate prices across the board. We are pleased to report that cocoa markets have recently moderated (albeit still not to historical averages), allowing us to reduce price on a meaningful portion of our chocolate portfolio. While commodity markets remain dynamic, this improvement has created an opportunity for us to pass cost savings back to our customers, and these reductions are reflected in our latest pricing.

In addition, late 2025 changes to U.S. trade policy eliminated tariffs on most of the commodities used in the products we sell. When tariffs were introduced, we added a tariff line item to our invoices to transparently reflect those costs as accurately as possible. With the removal of these tariffs, we made the decision to eliminate the corresponding tariff charges on all affected commodities effective January 1. Our goal was to remove these charges as quickly as possible, and we believe our reduction timing was amongst the fastest in the industry.

As always, we remain focused on delivering exceptional value through high-quality confections and unparalleled customer service. Inside this catalog you will find a broad assortment of products to support your Everyday and Seasonal needs, including some exciting new items we are pleased to introduce. Across our two manufacturing facilities, our associates are hard at work crafting the high-quality confections that help make your business successful. We are very proud of our team, whose dedication and expertise continue to make Arway-Long Grove's customer service the industry standard.

On behalf of all associates at Arway-Long Grove, thank you for your continued partnership. We appreciate the opportunity to serve you and look forward to helping make your days just a little bit sweeter...
